COURSE DESCRIPTION

Both the 25 and 50 mile routes will leave Molly's Tavern together and stay together for some time. They'll both turn right out of the Tavern and follow Rte. 13

Fully-supported scenic 25- and 50-mile routes through New Boston & several surrounding towns.

thru New Boston village and follow a flat 10 mile out and back along the banks of the Piscataquog River. As the ride returns to New Boston Village both routes will turn right onto Rte 136 for a more rolling stretch with a few long hills into Frankestown. The rides will split with the

25-mile ride turning left onto Red House Road. The 50 mile ride will continue on Rte 136 through the villages of Frankestown and Greenfield. The course bears right at Greenfield State Park, crosses over a covered bridge and on into Hancock village. From here a right turn onto Rte 137 brings the ride into Bennington to join with Rte 47. The longest climb of the ride will bring riders

up to Crotched Mountain Ski Area and they will continue on to Frankestown completing a long loop. Here the ride will go a couple miles back down Rte 136 and turn right onto Red House Lane rejoining the 25 mile loop. Both rides will follow Red House Road to the end and turn left on Frankestown turnpike and follow it to a left turn onto Lyndeborough Road. The rides will turn left onto Rte 13 north and end with a short downhill to Molly's Tavern.
